

# RevoSurface<sup>®</sup>

by CLICK<sup>®</sup> MEDICAL

## Try It. Adjust It. Love It.

Test dial placement, fit and comfort on your check socket.

### How it works

Your provider will mount RevoSurface<sup>®</sup> to your check socket, allowing you to test and fine-tune the design before your final socket is made. Together, you can find the best placement for the dial and adjustability—ensuring the right fit for you.

### Who is it for?

Anyone wanting to try adjustability or dial in the right setup.

### Dial in the fit before it's final.

This crucial step ensures comfort, function, and confidence from day one, helping you achieve the perfect fit before moving to your final socket with RevoFit<sup>®</sup>.

Talk to your practitioner about how **RevoSurface<sup>®</sup>** can help you dial in your fit and control comfort from the start.

To find out how adjustability can work for you, connect with a user and more, scan the QR code

Click Medical<sup>®</sup> empowers individuals to take control of their comfort and fit. With a simple turn of a dial, you can adjust your device to suit your body's needs in the moment.
